

To our church family,

Recently the Governor of Kansas and our local health authorities released an executive order for the required use of personal protective masks in public that is effective Friday, July 3rd.

Our church cares deeply about our community and doing what we can do to reverse the trends of the virus outbreak, protect each other, and restore our economy. We also live out the commandment to love our neighbors, even if that effort requires minor inconvenience by putting others first. Please ensure if you are attending any church sponsored event, whether worship services, small groups or other activities, that you wear a personal protective mask. Masks are available on Sunday morning, if needed.

If you have health concerns or other significant reasons for not wearing a mask, we encourage you to attend our services or small groups online for the time being.

We look forward to worshipping with you on Sunday!

Pastor Brian Smith
